AUDIO & PODCASTING

WITH LIKEMIND MEDIA

When it comes to creating audio, there's a lot to think about – recording, editing, promotion, hosting and so on. But, luckily for you, you don't need to worry about any of that. LikeMind Media are experts when it comes to creating professional audio.

PODCAST STUDIO TO YOU

You don't need to spend valuable resources on podcasting equipment. We can now bring our mobile recording studio to your location.

Microphones, stands, headphones and mixing desk, all available along with a dedicated producer to help you record your insights for your show.

You don't even need a sound-proof room - we can use technology to remove background noise so it sounds like you've recorded in a booth.

From £500+VAT per session.

Middle Please, Umpire
recording at ECB HQ

PODCAST SETUP SERVICE

Our experienced team can help you get your podcast set up, so all you need to focus on is the content.

Podcast setup is a one-off service, costing £600+VAT and includes:

- Consultation on podcast style, branding and music
- Sourcing of licenced music
- Creating intro/outro components
- Designing podcast artwork
- Setting up hosting platform
- Setting up connections to as many distributors as possible (Apple, Google, Spotify, Deezer, Amazon etc.)
- Setting up podcast website
- Showing you how analytics work
